

REMARKS

The Office Communication states that Applicants and the Assignee are required under 37

C.F.R. § 1.105 to provide the Examiner with a listing of all applications that Applicants have filed that claim the instant sequences either as discrete SEQ ID NOs or as fragments of larger sequences in any methods of administration and/or treatment. Accordingly, Applicants provide herewith the following list of patents and applications:

1. U.S. Patent No. 5,602,096
2. U.S. Patent No. 6,194,377
3. U.S. Patent No. 6,204,241
4. U.S.S.N. 08/472,065
5. U.S.S.N. 08/735,010
6. U.S.S.N. 08/471,833
7. U.S.S.N. 08/736,019
8. U.S.S.N. 08/736,070
9. U.S.S.N. 08/461,097
10. U.S.S.N. 08/411,295
11. U.S.S.N. 09/530,884
12. U.S.S.N. 09/298,121
13. U.S.S.N. 08/468,731

In addition, the Examiner requests that Applicants identify which SEQ ID NOs recited in the claims of the above-listed patents and applications correspond to which SEQ ID NOs currently being recited in the claims of the present application. Further, the Examiner requests that if fragments of larger sequences are being used, Applicants identify these sequences or subsequences by amino acid residue or nucleotide numbering. In response, Applicants have provided Tables 1-13, corresponding to the 13 patents and applications listed above, which indicate the SEQ ID NOs present in the claims of those patents or applications that are equivalent to, or which comprise, the amino acid or nucleic acid sequence designated by the SEQ ID NOs recited in the present claims.

Applicants provide the above list of patents and applications and Tables 1-13 with candor and good faith as required under 37 C.F.R. § 1.56, and submit that the information provided satisfies the Examiner's request. By providing the list and tables, Applicants and the Assignees are not acknowledging that any double patenting issues, beyond those of record, exist, nor are Applicants and the Assignees acknowledging that the list and tables are reasonably necessary to examine the matter, as required by 37 C.F.R. § 1.105(a)(1).

CONCLUSION

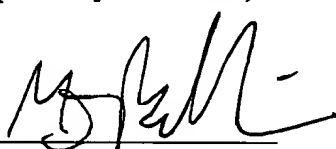

Given that the present application has been pending since October 22, 1996, Applicants respectfully request that the Examiner contact the undersigned by telephone if there are any additional issues so that such issues may be resolved promptly.

Enclosed is a petition to extend the period for replying to the Office Communication for one month, to and including July 8, 2003, and please charge the fee of \$55.00 required by 37 C.F.R. § 1.17(a) to Deposit Account No. 03-2095.

If there are any additional charges or any credits, please apply them to Deposit Account No. 03-2095.

Respectfully submitted,
